The French have ousted King John from Normandy by capturing Château Gaillard after a long siege. The duchy, independent since the time of Rollo, is now part of France. Becket de Montbryce is fated to be the first of his line to inherit the family's lands and titles as a Frenchman. Ironically, he was in command of the Norman troops who fought alongside the French. A dangerous secret. Having escaped the besieged castle in the guise of a nun, Marguerite d'Aigremont must find a way to get back to her native England--without anyone discovering she is King John's cousin. She despises the Normans who sided with their age-old enemy to bring about King John's ouster as Duke of Normandy. But she is dependent on Becket if she's to have any hope of returning to England. Despite their differences, Becket and Marguerite are drawn to each other. Will the Montbryce Dynasty survive intact when King Philip of France discovers the family has aided King John's cousin?
