"This perpetual calendar offers you an opportunity to internalize and directly experience the great wisdom of the Tao Te Ching, a collection of 81 verses authored by Chinese prophet Lao-tzu 25 centuries ago. I've broken down the verses into bite-size pieces so that you can slowly absorb these powerful thoughts and imprint them into your consciousness. "Working with one concept each day of the year, you will come to know the truth behind the ancient Tao observation: When you change the way you look at

things, the things you look at change."

"What I'm offering in this book is the awareness that we can return to a full-time position of inspiration, which is the true meaning of our life." - Dr. Wayne W. Dyer.....INSPIRATION In this groundbreaking book, Dr. Wayne W. Dyer explains how we've chosen to enter this world of particles and form. From our place of origin, in ways that we don't readily comprehend now, we knew what we were coming here to accomplish, and we participated in setting this life process in motion. So why not think along these same lines? Why put the responsibility or blame

on any one or any thing that's not a part of us? On Earth we have the capacity of volition - we can choose - so let's assume that we had the same capacity when we resided in the spiritual realm. We chose our physical body, and we chose the parents we needed for the trip. It doesn't seem too great a stretch to move into the idea that we chose this life in concert with our Source. Inspiration can be cultivated and be a driving force throughout life, rather than showing up every now and then and just as mysteriously disappearing, seemingly independent of our desires. Inspiration is for everyone! It isn't reserved for high-profile creative geniuses in the arts and sciences - it's inherent in our Divine birthright. The problem is that as children we're gradually taught to believe exclusively in the world of phenomena where ego is dominant and inspiration diminished. As you read each chapter in this book, you'll find specific suggestions for living "in-Spirit." From a very personal viewpoint, Wayne offers a blueprint through the world of inspiration - your ultimate calling.

Change Your Thoughts - Change Your Life Harper Collins

The practice of meditation takes us on a fabulous journey into the gap between our thoughts, where all the advantages of a more peaceful, stress-free, healthy, and fatigue-free life are available, but which are simply side benefits. The paramount reason for daily meditation is to get into the gap between our thoughts, and make conscious contact with the creative energy of life itself. Dr. Wayne W. Dyer explains the soul-nourishing meditation technique for making conscious contact with God, which the ancient masters have told us about. You have the potential to be an instrument of the highest good for all concerned and to be a literal miracle worker in your own life. No person, government, or

religion can legitimately claim to do this for you. "In fact," says Dr. Dyer, "I agree with Carl Jung who said, 'One of the main functions of formalized religion is to protect people against a direct experience of God.'" When you master getting into the gap and staying there for prolonged segments of meditation, and experience what you bring back to the material world, you will know your answer to the question: "Why meditate?"

Inspiration Harper Collins

Dr. Wayne W. Dyer, the internationally best-selling author and lecturer, has written a new book in his series of inspirational books for kids. *You're Not What You've Got* addresses the topics of money and abundance, with the understanding that children's earliest thoughts and perceptions about money are those that will last throughout their lives. The concepts presented in this beautifully illustrated book include: Money does not define who you are; it doesn't matter what others have, and abundance comes in many forms. Unlike most books on this subject, *It's Not What You've Got* is not a how-to manual on spending and saving for kids, but rather a positive, spiritual approach to the meaning of money.

Toss Out Those Tired Old Excuses...Once and for All! Within the pages of this transformational book, Dr. Wayne W. Dyer reveals how to change the self-defeating thinking patterns that have prevented you from living at the highest levels of success, happiness, and health. Even though you may know what to think, actually changing those thinking habits that have been with you since childhood might be somewhat challenging. If I changed, it would create family dramas ... I'm too old or too young ... I'm far too busy and tired ... I can't afford the things I truly want ... It would be very difficult for me to do anything differently ... and I've always been this way ... may all seem to be true, but they're in fact just excuses. So the business of modifying habituated thinking patterns really comes down to tossing out the same tired

old excuses and examining your beliefs in a new and truthful light. In this groundbreaking work, Wayne presents a compendium of conscious and subconscious crutches employed by virtually everyone, along with ways to cast them aside once and for all. You'll learn to apply specific questions to any excuse, and then proceed through the steps of a new paradigm. The old, habituated ways of thinking will melt away as you experience the absurdity of hanging on to them. You'll ultimately realize that there are no excuses worth defending, ever, even if they've always been part of your life-and the joy of releasing them will resonate throughout your very being. When you eliminate the need to explain your shortcomings or failures, you'll awaken to the life of your dreams. Excuses ... Begone!

On December 14, 2012, Scarlett Lewis experienced something that no parent should ever have to endure: she lost her son Jesse in an act of unimaginable violence. The day started just like any other, but when a gunman opened fire at Sandy Hook Elementary School, Scarlett's life changed forever. However, this isn't a story about a massacre. It's a story about love and survival. It's about how to face the impossible, how to find courage when you think you have none, and how to choose love instead of anger, fear, or hatred. Following Jesse's death, Scarlett went on an unexpected journey, inspired by a simple three-word message he had scrawled on their kitchen chalkboard shortly before he died: Nurting Helin Love (Nurturing Healing Love). It was as if he knew just what his family would need in order to go on after this horrible tragedy. Bolstered by his words, Scarlett took her first step toward a new life. And with each step, it became clearer how true Jesse's message was. She learned that love was indeed the essential element necessary to move forward and that taking the path of love is a choice. We can live in anger and resentment, or we can choose love and forgiveness. With her decision made, she found some peace and began to believe that choosing love was the key to creating a healthy, safe, and happy world. She began the Jesse Lewis Choose Love Foundation to develop programs to teach children about the power each of us has to change our thoughts and choose a life without fear and hate. Nurturing Healing Love is Scarlett's story of how choosing love is changing her life—and how it could change our world. A portion of the

proceeds from sales of this book will be donated to the Jesse Lewis Choose Love Foundation. To learn more about the foundation or to make a donation, go to www.jesselewischooselove.org.

Happiness Is the Way Hay House, Inc

National Bestseller This inspiring book by Wayne Dyer, author of the bestselling classics *Your Erroneous Zones* and *Pulling Your Own Strings*, delves into the teachings of intellectuals of our past to mine values and wisdom for the present. "What do our ancestral scholars, whom we consider the wisest and most spiritually advanced, have to say to us today?" asks Dyer. The answer lies in this powerful collection of writings, poems, and sayings by some of the greatest thinkers of the past twenty-five centuries. In succinct original essays, Dyer sets out to explain the

meaning and context of each piece of wisdom, and, most important, to explain how we can actively apply these teachings to our modern lives. From sixty ancestral masters - Buddha, Michelangelo, Rumi, Whitman, Jesus, Emily Dickinson, and Emerson, among others - here are treasured passages on a variety of subjects, including solitude, time, and passion. Among the contributions are words on inspiration from Pantanjali, author of the Hindu classic *Yoga Sutras*; teachings about the power of prayer from 13th-century monk St. Francis of Assisi; and thoughts about the importance of action written by Mother Teresa. The voices collected here cut across a wide range of historical eras and cultures, yet they communicate universal truths about the human experience. *Wisdom of the Ages* provides us with a marvelous dual opportunity: to receive guidance from our great ancestors and to recognize our own potential for greatness

evolving understanding of their father's timeless teachings. "This book is our song for our father and for everyone, because we're all born with a Knowing—an inner compass, the quiet urgings of our soul that guide us. It is through giving love, offering kindness, and paying attention that we can return to our Knowing." —Saje Dyer and Serena Dyer Pisoni To millions of readers around the world, Dr. Wayne Dyer was the beloved "Father of Motivation"—but to Serena, Saje, and their six siblings, he was simply "Dad." When he died suddenly in 2015, the sisters were blindsided by grief and felt unprepared to navigate life's challenges and conflicts without his guidance. The experience launched them on an adventure from loss to understanding as they came to realize and metabolize their father's teachings with a new urgency, intimacy, and power as they applied them to their lives. As their journey unfolded, they realized their father's wisdom—"The Knowing"—was embedded in their DNA ... as it is for all of us. "We didn't discover The Knowing," write the authors. "We simply returned to it." In *The Knowing*, Saje and Serena share how they recommitted to the teachings of their father and, in doing so, created their own evolution of his principles that they teach today. They share the 11 lessons that cracked them open and sparked their own spiritual journey, including:

- Parented in Pure Love—the joys, surprises, and gifts of growing up in the Dyer family
- How the Soul Remembers—how to become a host for miracles instead of a hostage to circumstance
